

Clinton Community YMCA 2020!

The year 2020 is almost upon us and we are excited for our membership to enjoy the changes the coming year will bring. Starting in January, the front desk remodel project will begin. The project will include the relocation of the front desk and lounge with the current lounge being transformed into a teen member hangout area. New flooring and furniture will add a vibrant welcoming atmosphere each time you visit the Y.

Funds for the remodel project are already fully secured. Project plans are posted throughout the facility, so be sure to check them out and get a feel for the vision! We also hope you have had the chance to check out our new Wellness Equipment.

Changes for 2020:

Membership Rates:

Every year the Board of Directors work diligently in keeping the cost of memberships at a sustainable level. With the increase of the Illinois minimum wage, an increase in the membership rates was inevitable. Fortunately, we are able to keep the increase to just a \$.94 average. The new rates are posted below and will go into effect on January 1st, 2020.

Family = \$60.89 per month

Single Parent = \$51.25

Adult (age 31-64) = \$41.41

Young Adult (age 18-30) = \$29.21

Youth (up to age 17) = \$17.07

Senior (65 and up) = \$33.21

Swim Lesson and Tumbling Sessions:

Starting in January, all of our program session dates will be monthly (starting on the first of each month) instead of 7 weeks.

New Membership Software:

We are scheduled to launch "Reclique", a new membership software, in April. The new software will have several advantages for our members. Anything from signing up for programs (in house or online) to searching for a class, the new software will accommodate your needs. Our website will change in the process, making online registrations and purchases a smooth process.
